Our Mission

Exploring the endless allure of the Indonesian archipelago aboard a vessel that matches the perfection, elegance and beauty of her surroundings.

Fully equipped for scuba diving, surfing and leisure cruises – we made it our purpose to create once in a lifetime travel memories for our guests.

Taking you to hidden paradises off the mainstream tourism, combining the most extraordinary experience of your favorite watersports with exploring the ancient, rich culture of Indonesia and most magnificent beauty of mother nature.

Go Beyond

Fenides Liveaboard is the definition of a luxury phinisi yacht in Indonesia.

The vessel is designed to offer absolute comfort on all 3 decks and is fully equipped with top of the line equipment.

We strive to ensure that our service level and every detail, from the technical, to design and the culinary, is well taken care of.

What Our Guests Say

Lilliane C.

Best liveaboard in Indonesia, maybe the world! Fenides looks more like a luxury bali villa than a liveaboard for diving. I've been on a few dive liveaboard boats from the Maldives to the Galapagos and don't have an experience like this before. Not even close.

The crew is the best there is. Their hospitality is more like being in a luxury 5 star resort than in a dive boat. They are the epitome of Service Deluxe. Fooood is amazing and beautiful.

Susan D.

This was a trip and experience of a lifetime! I am at a loss for words for how incredible everything was. The attention to detail to the hospitality to the beauty of the boat and out-of-this-world dives.... I cannot recommend Fenides more... It will be very hard for me to go on another vacation of liveaboard or anything after this experience and I will definitely be back <3
